## D'Vine Grind – API Integration (AJAX Enabled)

**Problem Statement :** In today's technology oriented lifestyle people work on their projects , codes and other stuff. Sometimes it gets too boring , just work, work and work. Everyone like music and too know more about them we have to surf various different sites. So in order to solve this we have made a platform – ‘ **D'Vine Grind** ’ .

### **Features :**

D'Vine Grind is a website which uses jQuery AJAX method to retrieve data from the API and displays us the required information. This website has 9 webpages including the main page and has integration of 3 APIs.

It provides us with the following features:

1. The lyrics of sounds searched
2. Top hit albums of Selena Gomez.
3. Details of any Album searched

### **Technology Used:**

- HTML
- CSS
- JAVASCRIPT
- AJAX
